9. Round Norfolk Relay

Gary confirmed that he had secured a third team but not a fourth. There will be less teams this year so other running clubs are also affected. Committee agree that the masters and ladies should have a chance to defend their titles (as discussed in April meeting). The third team would either be a ballot team or open. It was agreed that this would be a ballot team as those members who may have participated in an open team still have an opportunity through the ballot system, without excluding other members.
